

Circular No. 2 of 2024

Minimum Investment Threshold

June 27, 2024 - Marketing Agents, Local Agents, and Developers of Approved Projects are hereby informed that in accordance with the Memorandum of Agreement (MoA) among the Member States of the Organisation of Eastern Caribbean States offering Citizenship by Investment Programmes (CBIPs), a new pricing structure for the Investment Migration Agency Grenada (IMA) will be implemented effective **July 1, 2024**.

The [Grenada Citizenship by Investment \(Amendment\) Regulations, 2024](#) outlines the revised pricing structure:

1. National Transformation Fund (NTF)

- 1.1 Single Applicant or a family of up to 4 - US\$235,000
- 1.2 Additional dependents - US\$25,000/\$50,000
- 1.3 Sibling - US\$75,000

2. Approved Project Investment under Section 11

- 2.1 Single Applicant or a family of up to 4 - US\$270,000
- 2.2 Government Contribution – US\$50,000
- 2.3 Additional dependents - US\$25,000/\$50,000
- 2.4 Sibling - US\$75,000

For the avoidance of doubt, the revised pricing regime ensures that there will be no distinction in investment costs between a single applicant and a Main/Principal Applicant with up to three (3) dependents for the NTF option.

Additionally, the NTF contribution of \$235,000 comprises of a minimum of \$200,000 to be retained by the government and an allocation of up to \$35,000 to be paid as commission to Agents. Similarly, the Approved Project investment of \$270,000 to be paid to the Developer's Escrow Account is comprised of a minimum of \$230,000 to be used towards project construction costs, and an allocation of a maximum of \$40,000 for commission payment to Agents.

For the avoidance of doubt, the entire investment sum of \$270,000 must be deposited into the Developer's Escrow Account and the Agency will not authorize disbursements from the Escrow Account of more than \$40,000 for Agent commission.

Based on the above information, **only duly** completed applications submitted to Grenada Co-operative Bank Limited up to and including **June 30, 2024, with all** the required documents as per the Bank's guidelines issued to Local Agents, will be accepted under the old price structure.

Note further that applications submitted to Grenada Co-operative Bank on/or before **June 30, 2024**, that are incomplete, **not having all required documents will, when remedied, be accepted and processed under the new price structure.**

However, duly completed files at Grenada Co-operative Bank on/or before **June 30, 2024**, that are merely pending bank clearance, will be accepted under the old price structure. Notwithstanding the acceptance of the application as previously described, where the Bank requires clarity regarding those applications, resolution of all matters must be concluded to the Bank's satisfaction and funds received and cleared for submission of the application to IMA no later than **July 31, 2024.**

Grenada reaffirms its dedication to implementing all remaining components of the MoA over the coming weeks and months to further deepen Regional Programme integration. This effort is crucial to ensure the viability of this important non-tax revenue source. We encourage our Regional counterparts to act with alacrity in implementing the new price structure as previously agreed and to take the necessary steps to fully harmonize standards across all Regional Citizenship by Investment Programmes.
