IMA Grenada

ENHANCING LOCAL DEVELOPERS' PARTICIPATION
(ELDP)
4-STEPS TO BECOMING AN APPROVED DEVELOPER

01. Fine-tune your business plan and develop a cost estimate

The total estimated cost to execute your project must be **at least XCD $2.5 million** in order to qualify for the program.

02. Contact the GIDC

1-473-444-1035
info@gidc.gd

Mention that you are interested in the ELDP Program. Investment officers at the GIDC will confirm your project's feasibility and eligibility to receive investment incentives.

Where necessary, you can also receive assistance to develop your business plan and other documentation.

03. Gather documents for IMA submission

Refer to the IMA's checklist of Approved Project Requirements.

Remit the applicable payments and submit all required documents via email.

04. Market your project to attract investors

If approved, you will need to work closely with a licensed Marketing Agent to find applicants who are willing to invest in your project offering.

Once an applicant is approved for citizenship, their investment funds must be sent directly to your project's Escrow Account, from where it can be disbursed towards the development of your project.
